

# Questions

1. **Do you enjoy and feel comfortable with subjects like mathematics, physics, and biology?**
  - I am very enthusiastic about these subjects and consistently excel in them.
  - I find them interesting, although I sometimes face challenges.
  - I can manage these subjects, but they aren't my favorite.
  - I struggle with these subjects and do not feel very comfortable with them.
2. **Are you excited by combining theoretical learning with hands-on practical work?**
  - I love the mix of theory and practice; it makes learning dynamic.
  - I enjoy both but lean slightly toward theoretical work.
  - I prefer hands-on practical work over extensive theory.
  - I'm not enthusiastic about practical work and would rather stick to theory.
3. **What are your career goals in technical fields?**
  - I aim to be a leader; this education is key to my goal.
  - I plan to work in a technical role applying my skills directly.
  - I'm exploring options, but a technical education will open doors.
  - I lack clear goals and am uncertain how this fits.
4. **How do you handle long study hours and challenging academic content?**
  - I thrive under academic pressure.
  - I can manage but find it exhausting.
  - I prefer short, focused sessions.
  - I dislike intense studying.
5. **What are your key strengths and skills?**
  - I'm great at problem-solving and analytical thinking.

- I excel in creative tasks like writing, designing, or brainstorming.
- I'm good with people and enjoy teamwork and communication.
- I have strong technical skills (e.g., coding, engineering, data analysis).
- I'm organized and detail-oriented, good at managing projects or systems.

**6. Do you prefer working with people, data, or things?**

- People: I enjoy interacting with others and building relationships.
- Data: I love analyzing information, numbers, or patterns.
- Things: I prefer working with tools, machines, or physical objects.
- A mix of the above.

**7. What kind of tasks energize you?**

- Tasks that require creativity and innovation.
- Tasks that involve helping or mentoring others.
- Tasks that involve solving technical or logical problems.
- Tasks that involve organizing, planning, or managing.

**8. What industries or fields have you always been curious about?**

- Technology and innovation.
- Healthcare and wellness.
- Arts and entertainment.
- Business and finance.
- Education and social services.

**9. What kind of impact do you want to have through your work?**

- I want to create something tangible or innovative.
- I want to help others and make a difference in people's lives.
- I want to solve complex problems and advance knowledge.
- I want to achieve financial success and stability.

**10. What are your deal-breakers in a job?**

- Lack of growth opportunities.
- Poor work-life balance.
- Uninteresting or repetitive tasks.
- Toxic work culture or lack of teamwork.

**11. What do you value most in a job?**

- Salary and financial rewards.
- Personal fulfillment and passion.
- Work-life balance and flexibility.
- Opportunities for growth and learning.

**12. How do you prefer to learn new things?**

- Through hands-on experience and practice.
- By reading, researching, or taking courses.
- Through collaboration and discussion with others.
- By observing and imitating others.

**13. What kind of feedback motivates you?**

- Constructive criticism that helps me improve.
- Positive reinforcement and recognition of my efforts.
- Data-driven feedback with clear metrics.
- Collaborative feedback from peers or mentors.

**14. What kind of problems do you enjoy solving?**

- Technical or logical problems (e.g., coding, engineering).
- Creative or artistic challenges (e.g., design, storytelling).
- Interpersonal or social issues (e.g., conflict resolution, counseling).
- Strategic or business-related problems (e.g., marketing, finance).

**15. How do you handle failure or setbacks?**

- I learn from them and try again.

- I seek advice and support from others.
- I feel discouraged but eventually move forward.
- I analyze what went wrong and create a plan to improve.

**16. How do you feel about public speaking or presenting?**

- I enjoy it and feel confident in front of an audience.
- I'm comfortable with it but prefer smaller groups.
- I find it stressful but can manage if necessary.
- I avoid it whenever possible.

**17. What kind of technology or tools do you enjoy using?**

- Creative tools (e.g., Adobe Suite, video editing software).
- Analytical tools (e.g., Excel, programming languages).
- Communication tools (e.g., social media, presentation software).
- Physical tools or machinery (e.g., construction, manufacturing).

**18. What kind of work schedule do you prefer?**

- A traditional 9-to-5 schedule.
- Flexible hours or remote work.
- Shift work or irregular hours (e.g., healthcare, hospitality).
- Freelancing or project-based work.

**19. What kind of tasks do you find most draining?**

- Repetitive or monotonous tasks.
- Highly social or people-focused tasks.
- Tasks requiring intense focus or attention to detail.
- Tasks with no clear outcome or purpose.

**20. What kind of recognition or rewards motivate you?**

- Financial rewards or bonuses.
- Public recognition or awards.
